ENTRY RULES

SECTIONS

Participants may submit up to four images per section in the following categories:

Open Color (PID-C)

Open Monochrome (PID-M)

Travel (PTD)

Nature (ND)

Note: The same image **must not** be submitted in more than one section.

Previous Acceptances: Images accepted in previous International Salons of the National Photographic Art Society of Sri Lanka (or too similar to those accepted) will not be submitted for judging.

Copyright: The original image(s) must have been taken using a photographic process and all entrants must have the sole copyright to each image they submit. Clip Art and Copyright Free material are not acceptable. The FIAP, GPU, IAAP and the National Photographic Art Society of Sri Lanka assume no responsibility for misuse by anyone of the copyright of published images.

Colour Space: The judging and display software operates in and assumes that the images are in sRGB colour space.

Judging: Each entrant's images will be assessed in separate judging rounds to ensure fairness.

Names: No information about the entrant or country will be given to the selectors. An image showing the name of the entrant on screen will be disqualified.

Image Titles: Image titles should be a maximum of 25 characters including spaces. All images must have a unique title; Words such as “Untitled” and “No Title” will not be accepted. Nature entries should not have "cute titles" but should have descriptive titles that properly identify the subject. Images without an acceptable title will not be judged.

FIAP Conditions

According to FIAP Document 2014/317 art.II.7F (new regulations), all applicants must adhere to the condition below : "With the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP; that FIAP will use any means at its disposal for this undertaking; that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP and that in case of sanctions following the non-compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules. It is recommended to leave the EXIF data in the submitted files intact in order to ease eventual investigations."

Image and Entry Requirements

This exhibition is open to anyone; however, an entry may be rejected when the Sponsor or the Exhibition Organizers, in their reasonable discretion, believes the entry does not conform to exhibition rules and these Conditions of Entry. Membership in any photographic organization is not required.

The Exhibition will be conducted in accordance with the rules of FIAP

An entrant's images will not be presented to the judges consecutively. An entrant's four images will be distributed throughout three rounds of judging in that section. Distribution of images will be in the same round order as submitted by the entrant. An image may be entered in only one section.

Data Protection

By entering this exhibition, you are explicitly consenting to the personal details you have supplied, including email addresses, being held, processed and used by the exhibition organizers for purposes associated with this exhibition. You also explicitly consent to such information being sent to organizations that have accorded official recognition, patronage or accreditation to this exhibition. You acknowledge and accept that entering this exhibition means that the status and results of your entry may be made public.

Subject Matter and Section Definitions

Statement on Subject Matter applicable to all sections:

The fundamental rule that must be observed at all times and applies to all sections offered in exhibitions with FIAP patronage or PSA recognition is that the welfare of living creatures is more important than any photograph. This means that practices such as baiting of subjects with a living creature and removal of birds from nests, for the purpose of obtaining a photograph, are highly unethical, and such photographs are not allowed in any exhibition with FIAP patronage or PSA recognition. Under no circumstances may a living creature be placed in a situation where it will be killed, injured or stressed for the purpose of obtaining a photograph. This rule applies regardless of whether or not the creature being killed, injured or stressed is visible in the captured image.

There are also concerns about the use of aerial photography, drones, helicopters, low flying aircraft. These should not cause any interference with other individuals or animals which causes a disturbance in their normal activity or disrupt the way any individuals or animals interact with their environment.

Entry in this exhibition is conditional on accepting these policies. The content of images must comply with these General Conditions and with the Division and Section definitions listed in these conditions. Images that - in the sole opinion of the judges or the Exhibition Organizers - do not comply, will be disqualified so the entrant may be aware of the problem when considering entry into other exhibitions with FIAP patronage/PSA recognition.

FIAP Definitions Monochrome

A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey. A black and white work toned entirely in a single color will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage. On the other hand, a black and white work modified by partial toning or by the addition of one color becomes a color work (polychrome) to stand in the color category; such a work requires color reproduction in the catalogue of a salon under FIAP Patronage.

FIAP Nature Definition

Nature photography is restricted to the use of the photographic process to depict all branches of natural history, except anthropology and archaeology, in such a fashion that a well-informed person will be able to identify the subject material and certify its honest presentation. The story-telling value of a photograph must be weighed more than the pictorial quality while maintaining high technical quality. Human elements shall not be present, except where those human elements are integral parts of the nature story, such as nature subjects like barn owls or storks, adapted to an environment modified by humans, or where those human elements are in situations depicting natural forces, like hurricanes or tidal waves. Scientific bands, scientific tags, or radio collars on wild animals are permissible. Photographs of human-created hybrid plants, cultivated plants, feral animals, domestic animals, or mounted specimens are ineligible, as is any form of manipulation that alters the truth of the photographic statement.

No techniques that add, relocate, replace, or remove pictorial elements except by cropping are permitted. Techniques that enhance the presentation of the photograph without changing the nature story or the pictorial content, or without altering the content of the original scene, are permitted, including HDR, focus stacking, and dodging/burning. Techniques that remove elements added by the camera, such as dust spots, digital noise, and film scratches, are allowed. Stitched images are not permitted. All allowed adjustments must appear natural. Color images can be converted to greyscale monochrome. Infrared images, either direct captures or derivations, are not allowed.

Images entered in Nature sections meeting the Nature Photography Definition above can have landscapes, geologic formations, weather phenomena, and extant organisms as the primary subject matter. This includes images taken with the subjects in controlled conditions, such as zoos, game farms, botanical gardens, aquariums, and any enclosure where the subjects are totally dependent on humans for food.

Vignettes and Borders: Vignettes are not allowed in Nature Images. Any border added must be a single border of white or grey, no greater than 3 -5 pixels in width. Single black borders of the same dimensions are allowed in Prints.

Statement on Artificial Intelligence (AI)

All submitted images must be original photographs captured by the participant. AI-generated or manipulated content is strictly forbidden. Offenders will face a lifetime ban from future competitions.

Breaches of Rules

FIAP : The mention that by the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection the following terms: - that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP, - that FIAP will use any means at its disposal for this undertaking, - that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP, - that in case of sanctions following the non-compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules. It is recommended to leave the EXIF data in the submitted files intact in order to ease eventual investigations. If, at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final

FIAP NOTICE In order to have legal authority on those who do not respect the rules of FIAP, all participants of an online event under FIAP Patronage tick a box next to which the following text is stated:

"I hereby expressly agree to FIAP document 018/2017 « Conditions and regulations for FIAP Patronage » and FIAP document 033/2021« Sanctions for breaching FIAP regulations and the red list ». I am particularly aware of chapter II « Regulations for International photographic events under FIAP patronage » of FIAP document 018/2017, dealing under Section II.2 and II.3 with the FIAP participation rules, the sanctions for breaching FIAP regulations and the red list.".
